

THE VALENTINE DEMOCRAT.

THE OFFICIAL NEWSPAPER OF CHERRY COUNTY, NEBRASKA

VOLUME XVI

VALENTINE, NEBRASKA, JULY 11, 1901.

NUMBER 25

For Shoes

SPRING footwear in the same styles shown by leading city stores, but at smaller prices is our boast, and we make the assertion good. Our experience in this line and "know how" in picking out good quality, stylish footwear to retail at close prices, is a direct benefit to people who buy shoes here, for they get superior value for their money. Why not see if we cannot please you better than anyone else? Our shoe man knows how to FIT shoes. That's as important as quality and style, for it means comfort, too.

Hosiery

will wear out, no matter how good, but some wears out a lot sooner than our kind. We buy from manufacturers who know how to put long wear into their hosiery without sacrificing appearance. In children's school hose we have an especially desirable line at 25 cents that saves darning. Try the "BLACK CAT" hose.

TALK OF THE TOWN.

Wm. Erickson was in from Kennedy last Friday evening.

Mrs. Adda McBride came down from Rushville Monday morning.

Daniel Fowler brought in a load of new hay yesterday which he sold at \$5.00 per ton.

Horace Wallingford was in town last Saturday and took out a load of ranch supplies.

Mr. Dye and family from Pullman was in town getting supplies a couple of days this week.

Milt Dunham and the Parker Bros. were in town this week hauling freight to Kennedy.

George Cutler went up to the Rosebud boarding school Tuesday where he has the contract for painting the buildings.

A horde of just a dozen Sayages were in town Wednesday. H. S., H. P., their wives and four children in each family.

Chas. Wellford went up to Hot Springs on Wednesday night of last week for a week's rest and visit with the fair one.

Our Lady compositor, Miss Martha Thompson, spent the past week with relations south of Woodlake, Mr. and Mrs. Alf Morris.

Wm. Daniels, the miller, left last Saturday morning to visit with his folks and see his mother at Toledo, O. who is very sick.

Mr. and Mrs. McBride intend making their future home in Valentine, having rented the building recently vacated by Hal McKane.

Jackson & Brayton began invoicing their stock of merchandise last Friday and will probably be through by the middle of next week.

Miss Clara Watson went to Hot Springs for a vacation from her work in the postoffice last Sunday night to be gone a couple of weeks.

Frank Parker came in and added his name to our subscription list yesterday while in town after a load of freight and ranch supplies.

Mrs. Chas. Sherman has been quite sick the past week but is improving. Mr. Sherman had gone up to Chamberlain S. D. and returned Tuesday.

Dr. A. N. Compton, Miss Wren Donohoe and Mrs. Tom Hornby went to Hot Springs last Friday night for a couple of weeks of rest and recreation.

Elmer Ayres and wife brought some new potatoes to town Tuesday and left a half bushel with the editor. They were fine and of uniform size mostly.

C. F. Callen is spending a few days in town this week. He and John Whillans are intending to build a store at Sparks and put in a stock of general merchandise.

Eric Erickson of the Ventilating and Warming plant of Chicago returned last Thursday night and will superintend putting in the registers and heating apparatus for our court house.

H. P. Savage and family from Sargent are spending a couple of weeks with his brother H. S. Savage of Simeon. They drove up to Valentine this week and visited Ft. Niobrara east of town.

Ted Ormesher was in town a couple of days during the past week and tells us that he is one of the men who came to Cherry county with nothing and now has 3,000 acres of land and several hundred head of cattle.

Miss Inez Petticrew has secured the position as teacher of the primary department of the Newport school. Miss Petticrew was indeed very fortunate in securing the position and we wish her unbounded success.

Mrs. N. S. Rowley took the wrong medicine last Saturday and discovered that she was poisoned and immediately began to counteract it by the use of medicines that were available. Mr. Rowley not wishing to take any chances immediately sent into town for a doctor but Mrs. Rowley was all right before the doctor arrived.

James Irwin and wife moved up from Ft. Niobrara Wednesday of last week and are now living in the house formerly occupied by Chas. Sberman. Mr. and Mrs. Irwin have been in this vicinity for a number of years and are well known, having a host of friends in and around Valentine.

Our genial, good natured and always busy business man, A. E. Thatcher made a flying trip to Chadron this week.

Dr. Caldwell left us last week to make a lengthy visit in the east. He went to Chicago where he will complete work which he left unfinished when coming here and will join the remainder of his family at Buffalo in August returning in about six weeks. Meanwhile Dr. Hutchinson is attending to the practice at this place.

Edwin F. Banning who came to Rosebud from Sisseton government school as a teacher of shoemaking as an industrial art in the government school about a month ago resigned last week and came down to Valentine last Friday to take the train for his former home at Munsey, Ind. Mr. Banning was an old acquaintance of Judge Tucker in the early days.

Judge Tucker has been quite sick the past week and gave his friends some alarm as to his condition but has improved in health apparently the last two or three days. The judge has been failing quite fast the past year and though at times appears to be stout he will never again be able to shake the "mighty deep" with his thundering tones of oratory.

We enjoyed a pleasant visit at our office this week from H. S. Savage and family and Mrs. Savage's father Mr. Austin all of Simeon. Mr. Savage is a son of our governor Savage and came to our county from Sargent last October and is making his home with Mr. Austin. They are enjoying a visit from H. P. Savage and family of Sargent who are spending a couple of weeks with them and also accompanied them to town.

Ike Fefferman and Louis Hecht stopped off here last week from Minneapolis and bought a lot of copper, brass, led, zinc and old rubber from our townsman I. H. Emery. After it was weighed up Windy found that there was a bargain in the stuff and paid the gentlemen \$50 for their bargain and took the stuff back. Anything in this line that is going to waste can be made useful by selling it where it can be made over again.

J. N. Williamson the carpenter at the government Indian school came down last Friday bringing with him the corps of teachers, Mrs. Adams, Miss Cline and Mr. Ross who left Saturday morning for Detroit, Michigan where they will attend the institute held there for government teachers. Mr. Adams is on the program for a paper we understand. From there they will take in the exposition at Buffalo and visit among friends during vacation.

The electric lights that Valentine has longed for finally came and on Wednesday of last week burned brightly all day and each evening since then our city has loomed up as an eastern city at night. The lights are a success and will be appreciated by our people. It was a novel sight for a number of our people who have always lived in the west and had not before witnessed the sights of a city. We invite you all to come to our town to trade and view the wonders of electricity.

It is a necessary thing in these days of progress to have telephone connection with the ranch country. Everyday there is an increasing demand for it and we should not be the last to make use of the convenience that are at our disposal for an outlay of cash. There are enough men now in favor of this enterprise to make it a success and it should not be delayed at a risk of life for want of a doctor in time. As a business transaction it will save numberless trips to and fro consequently time, and time is money.

Chas. Parker came near having a fatal accident Tuesday evening while coming to town after a load of freight and ranch supplies. When the storm overtook him about fifteen miles south of town he drove up to a house and forgetting that he had a four year old colt hitched up walked hastily up to him laying his hand on the horses hip to unhitch him. The horse kicked with both feet striking Mr. Parker in the stomach but being close to the animal is probably the saving of his life. A couple of women who lived at the house ran out and stopped the team as they started to run away and Mr. Parker soon recovered and came on to town after the rain.

OUR "SAY SO" IS OUR "DO SO"

Our low prices are a knock-out argument. Let competitors censure, our patrons approve.

We Give Auction Prices Without the Auction.

Take Notice!

We hereby give notice to all persons who owe delinquent personal property taxes in Cherry County that the collectors will be started out again about August 1st, 1901 and that ALL personal property taxes WILL BE COLLECTED where the persons owing the same have property that can be levied upon, see Sec. 4572 compiled Statutes Neb. 1899.

The law provides that the Treasurer shall make report at the October meeting of the Board of Co. Commrs. that he has tried to collect every tax on the books, and that he has collected every personal tax or else that the persons owing the tax has no property on which levy could be made.

We will make this report according to law October 1st this year.
